Delivery of New Phone Books to Start Sept. 26

A more compact and colorful 1960 Southern Section telephone directory will be delivered to Torrance exchange subscribers starting Sept. 26, it was announced by Pacific Telephone Manager R. S. Pyle.

Five new colors found on the front cover map of the telephone book, with green for the Southern Section, identify the other four directories that serve the L.A. extended area. These include the Northeastern, Northwestern, Los Angeles Central, and Western sections.

THE BACK COVER of the new Southern Section book illustrates many different color telephone extensions or home business.

The big book for the first time in many issues will be smaller than the previous model by more than 100 pages. Yet it will contain an additional 10,000 listings for a total of 207,000.

TWO-LETTER abbreviations of telephone prefix names will be responsible for a lighter weight and easier to handle directory, the manager said. In the new Southern Section directory an estimated 15 per cent of the telephone prefixes will have the new compact look.

A new 24 page green index to the classified section of the telephone book has also been added for convenience of subscribers consulting the handy "Where to Buy It" Yellow Page guide.

New Valiants To Be Shown On Thursday

Valiant offers a more complete line of body styles for 1961 in the low-price, compact car class, in anticipation of even greater buyer demand for the most economical American-built cars, it was announced here this week.

Added to the line are a new low-price two-door sedan and a two-door hardtop, giving Valiant complete representation in the sedan-hardtop-station wagon model group, which comprises 95 per cent of all cars bought from American manufacturers.

The 1961 Valiant will be introduced to the public Thursday, Sept. 29 in Plymouth-Valiant dealer showrooms. Local showings will be at DeVon Motors, 1800 Cabrillo Ave., in downtown Torrance.

Harry E. Chesebrough, general manager of the Plymouth-De Soto-Valiant division, and vice-president of Chrysler Corp., said the addition of the new models makes Valiant "a full member of the Plymouth team and provides the traditional high-quality Chrysler Corporation engineering and manufacturing standards on a broad front in the compact car field. This low price compact looks and drives like twice the price."

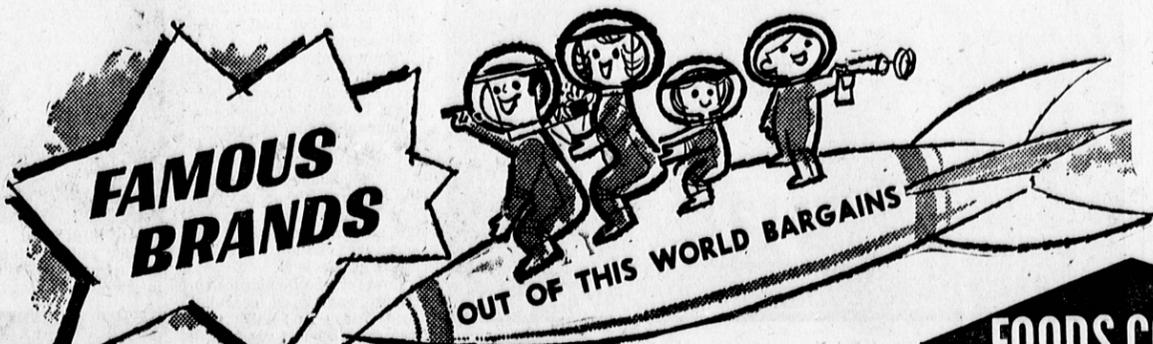

The Plymouth name in script now appears at the lower right edge of the deck lid or tail gate.
